Subject: Urgent FYI - Lee to talk to R. Fisher about Corps edits to Draft FDEP-Corps MOA for FL assumption
Attachments: Draft CWA 404g MOA Between DA and FL DEP 03052019.docx

I mentioned this issue in the weekly updates, but am resending here so you have it in case you want to raise to John or Sandra's attention that Lee is now planning to reach out to USACE on this.

It is my understanding that David F. discussed the staff level (OGC, R4 and OWOW) comments with Dave R. and Lee F. Not sure what David F. shared exactly, but this is the latest version I had and what I suspect David F. shared with Dave and Lee. Just letting you know Lee is calling Fisher about this.

Background:

In early November EPA shared our suggested revisions to the draft FDEP-Corps Assumption MOA with both FDEP and the Corps. The Corps made edits/comments to our version and shared those with FDEP, which FDEP then shared with us on Thursday, March 14 (see attachment). The EPA assumption team has reviewed the attachment and noted two particular edits of interest below. The team is happy to provide any additional input and recommendations regarding the COE edits if requested. Please let us know how we can assist with next steps.
